BESLUTSFÖRSLAG

Letter of intent med Franska staden Bourg-en-Bresse

Kommunstyrelsen föreslås besluta:

Kommunstyrelsen beslutar att godkänna ett letter of intent med den Franska staden Bourg-en-Bresse, för fortsatt arbete med partnerprojektet Norrbyhuset i Borås och Centre Socioculturel de la Grande Reyssouze i staden Bourg-en Bresse. Ansvaret för den praktiska hanteringen ligger hos Fritids- och folkhälsoförvaltningen.

Letter of intent med Franska staden Bourg-en-Bresse

Förslag till beslut

Kommunstyrelsen beslutar att godkänna ett letter of intent med den Franska staden Bourg-en-Bresse, för fortsatt arbete med partnerprojektet Norrbyhuset i Borås och Centre Socioculturel de la Grande Reyssouze i staden Bourg-en Bresse. Ansvaret för den praktiska hanteringen ligger hos Fritids- och folkhälsoförvaltningen.

Sammanfattning

Borås Stad har sedan flera år tillbaka var med i EU programmet, Europeisk volontärtjänst (EVS) som innebär att vi tar emot volontärer från andra EUländer. En av de städerna som skickat volontärer, franska staden Bourg-en-Bresse önskar fördjupat samarbete och ett första steg är att signera ett letter of intent mellan städerna.

Ärendet i sin helhet

Borås Stad har sedan flera år tillbaka varit med i EU programmet europeisk volontärtjänst, EVS och under förra året engagerade sig en av deltagarna från den franska staden Bourg-en-Bresse lite extra tillsammans med den plats som utgör hans volontärsplats, Norrbyhuset. Tillsammans med sina handledare och andra deltagare vill man skapa ett partnerprojekt tillsammans med motsvarande organisation i Frankrike. Ett partnerskap mellan Norrbyhuset i Borås och Centre Socioculturel de la Grande Reyssouze i staden Bourg-en Bresse.

Starten på ett sådant partnerskap underlättas av ett letter of intent mellan städerna för att vara grunden för ett långsiktigt arbete framöver. Ett av målen är att skapa utbyten mellan barn och unga från de två olika områdena där man möjlighet att ta del av varandras kulturer och språk från de olika länderna. Viktigaste i det första steget är att fokus ligger på barn och unga de skall utgöra huvudaktörerna i ett första steg.

Partnership Project : Norrbyhuset (Borås, Suède) and

The Social Center of La Grande Reyssouze (Bourg-en-Bresse, France)

Genesis of the project

My name is Loic Ripert. I am 25. Since May, i Participate to the European Volunteer Service Program for Borås Stad for the Norrbyhuset Project and I come From France

I come from a small city next to Lyon (70 kilometers), in the Middle East Of France, call Bourg-en-Bresse. I lived during all my childhood in a popular and multiculturar neighbourhood of the city call « Pont des Chèvres ». When I was young, i spend a lot of time in this center and particpated at many activities like helping for homeworks, handcraft activities, sports,.... I knew this place, since a very long time because when i was a baby, i went to the creche in this place. I am very connected to this center.

I know very well the environment in this kind of area, and also the stereotypes known concerning the people and kids from these neigbourhood. I would like to propose to these kids the opportunity to discover and meet people from another country in Europe and live an amazing experience. And to show to them, that it's possible to do something of their life eventhough you come from a popular or dangerous area.

Since I am in Sweden, i told my story as a volunteer in Sweden in a local newspaer and in a show in a local radio.

After proposing the idea to the direction of Norrbyhuset. I asked the direction fo the french social Center. They say yes very quickly because they want to make a project with another structure in Europe. And also, they want to discover how it works in a Scandinavian Country for the youth. The only questions was, how will be work the project after the end my EVS ?

Presentation of the Project

This project consists to establish a partnership between Norrbyhuset (Sweden) and the Social Center of The « Grande Reyssouze » and to create a long term relation between all the actors of these two structures (visitors, staff, direction). And also, to propose an opening to Europe for each place.

One of the goal, it is to propose for each kids who come from of this two neigbourhood, to discover a new culture and language from another European country. Each person who will be part of the project will be an ambassador of his center and country. It will be a good opportunity, for them, to take part of a european long term project. And to give to them the opportunity to participate at some Erasmus+ program like EVS

One of the orther goal is to put the kids in the center of the project. They will be the main actors of the partnership. They will be more responsible and they have to take initiative. They have to design a big part of the project (all the activities when the french delegation will arrive in Sweden).

Thanks to the support of the local media in France and Sweden. It will be the perfect opportunity to promote each centers (activities, events,) and their dyamism. But also to promote and comunuicate about a town, an area and their actors.

Objectives and Goals :

- Discovering a new language, a new culture (art, gastronomy,...), a new country for the kids and the visitors from the two centres.
- Discovering, for the staff for the two structures, a new vision of the job as a youth leader and coordinator, new method of working, new activities and services and how they manage a conflict with and betwen kids, and how they act with kids and talk about that between workers.
- Discovering new culture of working.
- Create a solide link and a confident relation between the two structures.
- Promoting EVS and the action made in Nprrbyhuset with the previous and current volunteers.
- Encourage the european mobility
- Promote and show Borås stad actions for the youth and social actions.
- Fight against clichés concerning the disavantaged neighbourhood.

Advantages for Borås Stad :

- A win-win agreement between all the actors of the project : Borås Stad and Norrbyhuset for Sweden, Bourg-en-Bresse and « Le Centre Social de la Grande Reyssouze for France.
- An opening to Europe and the promotion of the structures and the cities in a foreign country.
- Being an ambassador of his country in another european country.
- A dynamic, positive, enterprising image of the two centres and municpalities
- The project interests a lot of local media in France : Promotion and mediatization of the centre and Boras stad in another country
- Exchange of experiences, of culture, of ideas, of activites and services...

Example of actions/events could be designed during the partnership :

- Initiation to the french and swedish culture : Organisation of a French Day in Norrbyhuset, the 25th October. I wrote some chronicles for a radio and a newspaper to present to the french people my life as a volunteer in Sweden.
- Recording some videos and or podcast, by the visitors and kids from the two coutries presenting the city and the daily life of each center.
- Skype calls between the kids of Norrbyhuset and the Social Center. They will start to know each other and to create a link before the arrival in France. To facilitate the communication, I will teach French in Norrbyhuset and In France, they will learn English in France.

- Biscuits made in corn flour (Traditional recipies)
- Bresse chicken : embleme of the region

- Bresse Chicken

- Only chicken in the World with a label : Controlled Appellation of origin (Since 1957)
- Famous all around the World
- Cooked by the Best Chef

Presentation of the Social Center

How it works ?

- It's not the municipality which has to manage the daily life and the staff of the social center.
- It's an association which has to take care of the center, to create, design and promote activities or events and in charge of the daily activities and tasks...
- It has the financial support of a state organisation (organisation for the families) and the municipality.
- Mainly of the activities proposed by the center are lead by volunteers and inhabitants of the neighbourhood

Staff : Twenty people work for the center (Administration, Animation, Social and Economic Advice, crèche) and are divided in three places (Pont des Chèvres, Reyssouze, Multicultural Center)

Example of activites and services proposed by the staff of the center :

- **Services :** French Lessons, IT Lessons, Help for finding a job (CV, cover letter), administration, project management, help for homeworks
- Activties : cooking, scrapbooking, patchwork, art activties, gym, knitting,....
- **Trips**: Aquarium in Lyon, Mountain, Adventure Park,....
- **Events :** Taste Week, Neighbourhood Parties,
